YOU ARE EMPOWERING UNLV'S FUTURE

Your support of endowed funds at UNLV is creating a sustainable future for students and faculty. You are providing opportunities that will assure student success, advance research, and build our community.

Thank you.

"It's inspiring to learn that my scholarship was funded by UNLV faculty and staff. Their support allows me to focus on my studies, without having to get another job. There have been times in the past I've doubted myself, but this scholarship reminds me to never give up, to keep pushing forward."

"I'm thankful to Workday for investing in our community's mental health. For Workday to understand the significance of our work and to support it financially tells me that they have the courage to invest where others have been reticent, and the willingness to prioritize mental health service and education."
